

1

Problematic :
-Food Waste
-Lack of botanic knowledge and outdoor time for children

Scholar context : Rural area, large outdoor space

2

Problematic :
- Non-nutritious diet
-Lack of knowledge about healthy/unhealthy food

Scholar context : Small school in a village trying to promote a healthy life in the community

3

Problematic :
-Lack of awareness about environmental problems
-No local discussions/collaborative work about that

Scholar context : An international school promoting an education in collaboration with families
